### **AUDIO ONLY USING A PHONE:**

One thing you might love to know is that you DON'T have to use a computer/smartphone/tablet to Zoom. You can just make a simple phone call and get connected to audio only. If you'd like to call in, here's how:

Dial 1 669 900 6833 from your phone. When you hear the recorded voice say, "Welcome to Zoom. Please enter your meeting ID followed by pound" you should dial 531 215 576#. That's it!

### **AUDIO/VIDEO/CHAT USING A COMPUTER / SMARTPHONE / TABLET:**

If you're feeling more adventurous and would like to try connecting via computer/smartphone/tablet, here's how:

First, download the Zoom app. For smartphones/tablets you can find it wherever you usually get apps. If you're using a computer you will be prompted to download the app once you begin to join the meeting.

Once you're ready to "join the meeting" open this link in a browser:

### **Other Helpful information:**

The Zoom website has a helpful page of information [here](#).

Please note: if you choose to join on a computer you will need to make sure you have a webcam, speakers, and a microphone to use all the features of Zoom. Not sure if you have those? Just give it a try! That's why we're practicing in session with NO AGENDA but to log in and check things out.
