Looking Back Looking Forward

By the time you read this, we will have survived the whole first month of Pastor Caela’s sabbatical! Glory be! Oh my, if you only knew the shenanigans behind the scenes. Maybe your church leadership team will share some of those for a good laugh post-sabbatical.

As we were planning for the pastor’s sabbatical, I agreed to provide an article for the June newsletter about our recent congregational survey. I would have liked more time to think deeply about the survey responses before putting pen to paper about them. However, these are OUR responses so it’s right that we all think deeply now about the responses. You may remember the Cabinet decided to replicate a survey that was distributed to the congregation in 2012 to inform our calling for a pastor. Let’s look at who we were then and who we appear to be seven years later.

In 2012, 61 respondents to the congregational survey indicated that the top five factors in their decision to attend First Congregational were the quality of the sermons, *[continued pg. 2]*

fellowship of the people, warm welcome, open and affirming commitment and the pastor. For 80 respondents in 2019, many of these same factors remain at the top but in a slightly different order with the leading factors our open and affirming commitment, the pastor, quality of sermons, social justice and fellowship. While there's never been any doubt that we called a fantastic pastor, it fills my heart with joy to know that we in fact did find a pastor who is "an unwavering ONA supporter, inspiring preacher who can reach the heart and mind of people, and someone who has courage for overturning the tables of the temple" (Church Profile, 2012). Isn't it something to know that Pastor Caela conducted the first legally recognized same-sex marriage in Riley County!

While not surprising, social justice is an overall theme of importance among the current congregation. Over 97% of the 2019 survey respondents rated social justice as very important or important. Respondents also rated worship services equally important. Behind that was Christian education for youth with 85% of respondents rating that as very important or important.

I see that covering the survey results is probably going to require a second and maybe even a third installment. I'll close this one with a response notably different from seven years ago. In 2012, 35% of respondents indicated that they set aside time for prayer or meditation on a daily or weekly basis. That number has grown to 51% of the 2019 respondents. What might we attribute that change to? Experiencing new prayer practices, adopting prayer as a wellness strategy, responding to societal changes – I suppose the list could go on. But what a great strength as we envision the way ahead. Let's all pray for guidance as we consider future ways to witness God's inclusive love, justice and peace.

June Children's Ministry Schedule

Sunday school, yoga, and children's choir are on break for the summer! See you in the fall!

Because we are low on childcare staff and currently without a Kids Worship leader, we will be playing each Sunday by ear as far as Sacred Space and Kids Worship availability goes so that we are able to serve the most kids each Sunday. We will let you know what's available at the end of the Word for Children. Thanks for your patience as I work on getting some more staff hired!

We are hoping to plan a few get-togethers for our families over the summer, so watch your emails for any plans!

Midweek Bible Class is doing Summer School!

Starting on Tuesday, 4 June, the Midweek Bible Class will resume and meet weekly throughout June and July. Our book this summer will be Richard Rohr's new book *The Universal Christ*. The book's jacket notes describe it this way:

"Drawing on scripture, history, and spiritual practice, Rohr articulates a transformative view of Jesus Christ as a portrait of God's constant, unfolding work in the world. 'God loves things by becoming them,' he writes, and Jesus' life was meant to declare that humanity has never been separate from God—except by its own negative choice. When we recover this fundamental truth, faith becomes less about proving Jesus was God, and more about learning to recognize the Creator's presence all around us, and in everyone we meet."

We are so hopeful that you can join us for good fellowship, a LOT of chocolate, and active discussion about this thought-provoking book. That's Tuesdays, this summer, from 11:30 to 1:00.

Cobb Corner — Going Green

“Love all God’s creation, the whole of it, every grain of sand....” – Fyodor Dostoyevsky, *The Brothers Karamazov*, in *The Green Bible*, 1-107.

Global environmental conditions continue to be grim, but millions are fighting back. One effort we all can make is to eliminate waste of all kinds. As often noted, more than 40% of food in the U.S. is wasted and with it all the energy that created, cared for and transported it.

One major problem is that people put too much emphasis on the “Best by” or “Use by” date. The margin can be several years if cans are not dented or with acidic contents. When in doubt, call KSU extension!

Increasingly, grocery stores are fighting needless waste by bundling produce for quick sale at incredibly low prices. Deane Lehmann also uses the mesh bags from such produce, cutting the mesh and weaving it into mats! Ask her for details.

Growing our own food, swapping the excess or patronizing the local farmer’s market is another way to get perishables that haven’t traveled the average 1200 miles to the grocery store.

I’m not fond of gadgets but I love my dehydrator which allows me to buy in bulk and preserve the excess. Banana chips, dried tomatoes and mango slices are a treat in winter. What are **your** tips for avoiding food waste?

Finally, I need your help with two items on my June “to do” list: First, how about a campaign to ditch the leaf blower? James Fallows in a recent *Atlantic* issue tells how he and others in his homeowners’ association managed to ban leaf blowers in a suburb of Washington, D.C. The gas models use 80-year old technology, damage hearing, annoy neighbors and are incredibly polluting. California has banned them, noting they cause more pollution than all the cars in the state! Moreover, I fail to see how they improve on a quiet, non-polluting rake!

Secondly, the Richters must thin out perennials and divide houseplants. Does anyone want daylilies? Peonies in the fall? Iris in late July or house plants in the next month? Call me.

If you have read *The Secret Life of Nature*, you know we can’t just toss plants. They have to go to new and loving habitats!

Strengthen the Church Offering: Sunday, June 23

On Sunday, June 23, we will take the second of our denominational offerings, Strengthen the Church. This special offering supports the expansion of ministry and growth of UCC local congregations. Your support of this offering will help the UCC fulfill its commitment to creating a just world for all by investing in new ministries and practices that meet the emerging needs of local communities. In 2018, your support of this offering increased church vitality by awarding 12 grants totaling \$350,000 through the New and Renewing Spiritual Communities program. This program strengthened UCC congregations by providing funds to assist in community revitalization and supported new churches. Strengthen the Church also designates a portion of the offering to go towards Youth and Young Adult leadership development in the United Church of Christ.

Spring clean-up/work day

Saturday, June 8, 2019 • 9 AM - 11 AM

Join the trustees for the annual spring clean-up/work day on Saturday, June 8. We plan on cleaning up the outside of the church and complete some projects that need to be done. Weeding, cutting shrubs, cleaning winter and spring debris as well as some painting is planned. Bring tools that you feel are appropriate. We look forward to seeing you.

Contact Jeff Watson with questions.

Mission Statement

The Mission of First Congregational United Church of Christ is

- To love and accept others unconditionally as God loves and accepts us, and by example, to encourage others to do the same.
- To challenge ourselves to grow spiritually through worship, education, nurture, reflection, discussion, fellowship, and outreach.
- To minister to others locally, nationally, and globally with the same fervor as we minister to ourselves, through the sharing of our talents, gifts, and resources.

We hold ourselves accountable before God for this mission.

Thank you for keeping your pledge current during the summer months.

Ministers of Care On Call

During Pastor Caela's sabbatical (May 1 - August 15) we have designated Ministers of Care who are on call to assist you with any pastoral care needs that might arise. The Minister of Care who is on call for assistance during the month of June is Gretchen Lewis. (Please note: you should leave a voicemail if the Minister of Care doesn't answer her phone, as many of us receive a high volume of spam calls and do not pick up when the telephone number is unknown. You are also welcome to call Pastor Sue or the church office; the office telephone line is being monitored fairly often until our Administrative Assistant Sandy Nelson is able to be back in the office more frequently.

The Second Helping

Our Second Helping ministry continues to be a wonderful way in which our church extends its mission to the community of Manhattan. We regularly serve 30-40 people each week. Many of you have helped with this mission in a variety of ways, and that is much appreciated!

Currently we are hoping to add some more volunteers to our list of "regulars." We are particularly in need of individuals who would be willing to serve as Head Cook and Church Host. If you are interested in learning more about either of these positions, or volunteering in other ways, please contact the church office at office@uccmanhattan.org or (785) 537-7006.
